Peter,

I received your voice mail message, so I am going to hold the time we discussed (March 29 from 12:00 to 12:45 pm) for the group to meet with Acting Assistant Administrator Nancy Stoner here at the EPA office in regards to Bristol Bay Native Corporation request.

You requested a meeting between Ms. Stoner, Bristol Bay Native Corporation and Bristol Bay region tribes re: the Bristol Bay Watershed Assessment Process. We understand that you feel it would be appropriate for Michelle DePass (cc'd here) to attend, and you also recently learned that one of the other participants -- Kim Williams from Nunamta Aluksai (cc'd here) has been in contact with Luke Jones regarding his potential participation in such a meeting as well. A message was also left for Michele DePass and suggested that it may be appropriate for her to participate. We are not sure of her availability at this time.

Attached to your email was a letter from the Bristol Bay Native Corporation requesting that EPA use its authority under Clean Water Act Section 404(c) to prohibit the discharge of mine waste material into certain lands in the watershed of Bristol Bay. Pebble Limited Partnership is proposing a massive mine in

this area, and BBNC believes that the proposed mine has an unacceptable risk of adverse impacts on critical area resources. A press release on the matter was also attached (see below for a copy of both documents).

Your request also stated that Jason Metrokin, President and CEO of the Bristol Bay Native Corporation, some members of his leadership team, and Bristol Bay Region Tribal and Village Corporation leadership would attend -- likely eight or nine people. You said that you would like to explain what you are doing to be a productive part of our important assessment process, and to learn from EPA how we see the process unfolding.

I will need a complete list of names of participants to give to our security desk to help expedite the screening process when your group arrives. I'd arrive a few minutes early to accommodate this process.

You will enter 1201 Constitution Avenue NW, Washington, DC EPA East Building (main entrance facing Constitution and closest to 12th Street)

Once you enter the building, you will check in with the Guard Desk and they will call 202-564-5700 to have someone come down and sign you in and escort you to meeting room.

The meeting will be held in Conference Room 3233 EPA East.

After you leave the guard station, you come up about 3 large marble steps and you enter one of the 4 bank of elevators, come to the 3rd floor, make 2 lefts and the conference room will be approx. the 6th door on your right toward end of second hall.

If you have any questions, feel free to contact me and I'll try to assist you.

Thank you very much,

Martha

Martha Lee Workman

Subject: RE: Bristol Bay Native Corporation meeting request

Ms. Workman,

This email follows up on my request for a meeting between Ms. Stoner, Bristol Bay Native Corporation and Bristol Bay region tribes re the Bristol bay watershed assessment. As I noted in an earlier email it may be appropriate for Michelle DePass (cc'd here) to attend, and I recently learned that one of the other participants – Kim Williams from Nunamta Aluksai – has been in contact with Luke Jones (also cc'd here) re his potential participation in such a meeting.

While this meeting with EPA is our priority meeting on this trip, we are also setting up other meetings during the small window we will be in D.C. Consequently, scheduling can get tricky. I will thus call you tomorrow to see if we can firm up a date and time at that point.

Thank you,
Peter

Dear Deputy Assistant Administrator Stoner,

This email follows up on my request of two days ago to meet with you re the Bristol bay watershed assessment (original request below). Given the tribal participation in this requested meeting, I have also left a message for Michele DePass (cc'd here) and suggested that it may be appropriate for her to participate.

Thank you,
Peter

Subject: Bristol Bay Native Corporation meeting request

Dear Deputy Assistant Administrator Stoner,

I am emailing to request a meeting with you on March 29 or March 30 to discuss the Bristol Bay watershed assessment process. Jason Metrokin, President and CEO of the Bristol Bay Native Corporation, some members of his leadership team, and Bristol Bay region tribal and village corporation leadership would attend – likely eight or nine people. We would like to explain what we are doing to be a productive part of your important assessment process, and to learn from you how you see the process unfolding.

Thank you for your consideration of this request, and for your work on the assessment.

Peter Van Tuyn
